

MICROSOFT POWER APPS AND POWER AUTOMATE

FUNDAMENTAL TRACK

19-21 Nov 2025

Public Class (Face to Face) @ Jaya One Petaling Jaya)

WHAT WILL YOU LEARN

This course delivers an instructor-led breakdown of Microsoft Power Apps and Power Automate. Students will be taught how to design, test and publish new apps that work with a variety of data sources. We will take users through a selection of well-crafted lessons to help them build new applications for their business. Showcase for Microsoft Power Automate from start to finish in an engaging and practical way. Power Automate is a diverse product, turning business processes into automated, consistent and visual workflows. Power Automate is designed to interweave the various products in Office 365 as well as connect to other on-premises and web-based solutions. This course will give you the confidence to select the right actions and workflow logic for your business workflows.

OBJECTIVES

After completing this course, students will be able to:
